- Development experience in Python with Flask/Django, iOS (Swift), and MEAN stacks
- 1000+ hours of coding experience

Work Experience

Illinois State Certified Police Officer: 2012 - 2017

Village of Bloomingdale, Bloomingdale, IL

- 3250+ investigations initiated resulting in 1200+ formal reports completed
- Promoted peaceful conflict resolution and creative problem solving while responding to highly volatile unknown situations reported by members of the community
- Taught new police officers, instilling a safety orientated, adaptable policing style by being one of Bloomingdale's youngest Certified Field Training Officers
- Acted as a community advocate by promoting alternative policing strategies by being a Bike Patrol Officer, Juvenile Officer, and an instructor at the Bloomingdale Citizen's Police Academy
- Incorporated data-driven policing models by using analytical knowledge gained both in training and directly in the field as a Certified Evidence Technician and Certified Accident Reconstruction Specialist

Substitute Teacher: 2010 - 2012

School Districts 229 & 99, Oak Lawn, IL; Cicero, IL

- Oversaw the educational development of students in a middle school and high school setting
- Responsible for providing a structured and successful learning environment in the absence of a given educator

Field Operations Intern: 2010

Illinois State Police District 5, Joliet, IL
